

REMARKS

Applicants have inserted a Reference to Related Applications into the specification. The amendments to the claims cancel claims 1-5 and improve English usage in the remaining claims. In addition, amendments to claims 8 and 9 remove their multiple dependencies. New claims 10 and 11 have been added to cover claim scope covered by original multiple dependent claims 8 and 9. No new matter has been added.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952, referencing Docket No. 492322001810.

Respectfully submitted,
